What Castle Art Offers

Three ways we bring color, sparkle and personality to your event

Face Painting

Colorful designs from butterflies to superheroes, done fast and safe for little faces.

Glitter Bar

Tattoo-style glitter art with skin-safe glue and dazzling stencils kids pick themselves.

Caricature Art

Quick, playful portrait sketches guests take home as a one-of-a-kind party favor.

Great for birthday parties, school events, corporate events and more.

Certified-Safe Face Paint

Why we trust Snazaroo for every Castle Art booking

Certified toy & cosmetic safety

Meets EU and US Toy Safety Standards on top of regular cosmetic regulations — non-toxic, fragrance-free and paraben-free.

Formulated for sensitive skin

Dermatologically tested on sensitive-skin volunteers, excluding MIT/CMIT and artificial fragrances. A patch test on the inner arm is still recommended.

Effortless soap-and-water cleanup

A water-based formula that needs no specialized remover — washes off cleanly with warm water and mild soap.

Water-activated application

Dry cakes are activated with a wet brush or sponge, working up to a creamy consistency that dries smudge-resistant in about 30 seconds.

Best suited use cases

Optimized for general coverage — kids' parties, school events and casual costumes. For ultra-sharp professional line work, a specialized brand is sometimes used alongside it.
